Optimizing your Infor LX / BPCS operations on IBM i

Dear!

Managing legacy ERP environments like **Infor LX or BPCS** requires a highly specialized skill set that is increasingly difficult to find. If your team is stretched thin balancing daily operations with long-term strategic IT projects, you are not alone.

At **CBG Informatik**, we bring **over 30 years of deep expertise in Infor LX, BPCS, and IBM i platforms**. Enterprises worldwide trust our capabilities to keep their mission-critical legacy systems running with peak performance, security, and stability.

Whether you need reliable system maintenance, application development, or general IBM i administration, we **provide the global support** your business requires.

Are you available for a brief, 10-minute introductory call next week to discuss how we can take the pressure off your internal IT team?

Best regards,
Helmut Friesl/CEO
